RENTAL PROCESS:

- Initial rental inquiry is made via email to Emily Phoebus, Conservatory manager at classes@nctheatre.com;
- A meeting with the Conservatory Team may be required to determine availability and rental needs; a rental agreement is created and signed by the renter, and a two-part invoice is created (with a deposit due at the time of scheduling the rental, and the second payment due before the beginning of the rental); a production meeting is required for performance events.
- All rental requests must be made with enough advance notice for personnel to be scheduled/spaces to be prepared. For performance events, this can range from 15 days to 1 month (depending on rental needs); for non-performance events this can range from 1-2 weeks. Requests made without enough notice may be denied.
- Cancellations must be made at least 2 weeks in advance for non-performance rentals, and at least 2 months in advance for performance rentals, for the deposit to be refunded. If costs have been incurred for any preparations specific to the rental prior to its cancellation, that amount will be deducted from the money refunded.
